GENERAL INFORMATION

The Boston College Summer Session of Arts, Sciences and Education offers a variety of credit and non-credit courses on the undergraduate and graduate levels. The Summer Session is co-educational.

GRADUATE COURSES may be taken by those working for a master's degree at the Boston College Graduate School or by those working for a master's degree at other graduate schools, or by those requiring teachers' promotional courses on the graduate level. They may also be *audited.*

Undergraduate courses may be taken — *with proper authorization* — by those working in any of the collegiate institutions of Boston College, i. e., the College of Arts and Sciences, the College of Business Administration, the Intown College or the School of Nursing.

Undergraduate courses may also be taken to transfer credits to other collegiate institutions or to satisfy teachers' promotional requirements. They may also be *audited*

Those who plan to attend the summer session should apply for advance application blanks, and return these on or before June 1st to the office of the Director in Tower 109.

Neither admission to nor attendance at the Summer Session implies acceptance by any other collegiate division of Boston College.

The Administration reserves the right to withdraw any course in which there is not a registration of twelve students.

SPECIAL INFORMATION

Graduate Students

Information concerning graduate school courses and requirements may be obtained from the Dean of the Graduate School, Boston College, Chestnut Hill 67, Mass. Registration should be made on the assigned days in the Tower Assembly Hall at Chestnut Hill with the Dean of the Graduate School.

Those who are entering the Graduate School for the first time should have a transcript of their undergraduate record filed with the Registrar in advance of registration. Also in advance of registration, they should apply for and file an application form.

Those who are graduate candidates at some other institution must submit by registration day a statement(not a full transcript) of the fact of their graduation from an approved college. This statement should be signed by the Dean or Registrar of the College by which the undergraduate degree was awarded.

Undergraduate Students

Boston College Intown Students

Candidates for the bachelor's degree at Boston College Intown must observe the sequence requirements prescribed by Boston College Intown. They are expected to take six semester credits during the Summer Session.

Prior to registration days, information and approval of courses should be obtained from the Registrar, Boston College Intown, 126 Newbury Street, Boston 16, Mass. Registration on the assigned days should be made at the Tower Assembly Hall, Chestnut Hill with the Registrar of Boston College Intown.

Boston College School of Nursing

Candidates for a degree of the School of Nursing must obtain the approbation for Summer Courses from the officers of administration of the School of Nursing. Registration on the assigned days is made at the Tower Assembly Hall, Chestnut Hill.

Other Students

Those who plan to transfer undergraduate credits to other educational institutions or to attend credit or non-credit courses without any transfer of credits, should address all inquires to the Director of the Boston College Session, Chestnut Hill 67, Mass, Registration on the assigned days is made at the Tower Assembly Hall, Chestnut Hill, with the Director.

Veterans

All veterans under Public Law 346 who at the time of registration are not registered in one of the divisions of Boston College, must submit a supplementary or an original certificate of eligibility. Veterans who lack a certificate must pay their own bills. A complete refund will be made if the required certificate is submitted during the early days of the Summer Session. These certificates may be obtained from the Boston Veterans Administration Office, 150 Causeway Street, Boston, or from the Veterans Administration Office of the district where the veteran is currently enrolled as a student.

Where it is necessary to obtain a letter of acceptance from the Boston College Summer Session before the supplementary certificate is granted, write for this letter to the Director of the Summer Session.

All veterans under Public Law 16 must present at the time of registration a *written* (not an oral) statement from their director of training that they are eligible for summer school. In the absence of such a statement, veterans must pay their own bills. Where it is necessary to obtain a letter of acceptance from the Boston College Summer Session for the director of training, write for this letter to the Director of the Summer Session.

Room and Board

A limited number of private homes in the vicinity of Boston College have room, or room and board available for the Summer Session students (men and women). Address inquiries to the Director at the earliest possible date. There are no facilities for room and board at Boston College during the Summer Session.

Special Summer Session

From Monday August 9 through Thursday September 1 a special session will be held wherein it will be possible to obtain two, three or four credits. A limited number of courses will be available. For detailed information, write to the Director of the Summer Session. Fee and regulations are the same as during the regular Summer Session.

Dramatic Arts Summer School

The Dramatic Arts Summer School will be held at the same time as the regular Summer Session. For details concerning this school, write to Rev. John L. Bonn, S. J., Director, Boston College, Chestnut Hill 67, Mass.

By arrangement — Three semester hours

S St 42 BUSINESS STATISTICS II

The second semester of Business Statistics.

By arrangement — Three semester hours

CHEMISTRY (Ch)

S Ch 11 GENERAL INORGANIC CHEMISTRY I

The first half of a course in general inorganic chemistry designed to meet the requirements of medical and dental schools.

Daily, 9:00- 9:50 (lecture) — Four semester hours

Daily, 10:00-11:40 (laboratory) — *Prof.* BARRETT, S.J.

S Ch 12 GENERAL INORGANIC CHEMISTRY II

The second half of a course in general inorganic chemistry designed to meet the requirements of medical and dental schools.

Daily, 10:25-11:15 (lecture) — Four semester hours

Daily, 11:20- 1:00 (laboratory) — *Prof.* DEBETHUNE

S Ch 26 QUALITATIVE INORGANIC ANALYSIS

The theory of equilibrium in solutions, the solubility product principle, ionization of weak electrolytes, common ion effect, complex ions, and applications of these principles to the analytical procedures for indentification of the common elements.

Daily, 9:00- 9:50 (lecture) — Four semester hours

Daily, 10:00-11:40 (laboratory) — *Prof.* O'MALLEY

S Ch 27 QUANTITATIVE ANALYSIS I

The theory and problem work of Volumetric Analysis, including neutralization, oxidation-reduction, and precipitation methods of volumetric analysis.

Daily, 9:00- 9:50 (lecture) Four semester hours
Daily, 10:00-11:40 (laboratory) *Prof.* FAGAN

S Ch 51 ORGANIC CHEMISTRY I

The lectures will cover the aliphatic compounds through the carbohydrates. The laboratory work will involve typical syntheses and studies of properties.

Daily, 10:25-11:15 (lecture) Four semester hours
Daily, 11:20- 1:00 (laboratory) *Prof.* O'DONNELL

S Ch 52 ORGANIC CHEMISTRY II

The lectures will cover the aromatic compounds and proteins, corresponding to a second semester course. The laboratory work will involve typical syntheses and study of properties. *Prerequisite Organic Chemistry* I.

Daily, 10:25-11:15 (lecture) Four semester hours
Daily, 11:20- 1:00 (laboratory) *Prof.* MAGINNITY

S Ch 141 BIO-CHEMISTRY

A study of the chemistry of proteins, carbohydrates, fats, and the main features of metabolism.

Daily, 10:25-11:15 (lectures) Four semester hours
11:20-1:00 (laboratory) *Prof.* MCCARTHY

S Ch 181 (281) ADVANCED CHEMICAL BIOGRAPHY

A study of the contributions of outstanding chemists to the development of the science of chemistry. These lectures suppose knowledge of inorganic and organic chemistry.

By arrangement, 9:00-10:15 Three semester hours
Prof. CARLETON

S Ch 303 RESEARCH

A laboratory research problem requiring a thorough literature search, followed by directed work of an original character in the laboratory. The credit assigned will be determined by the work accomplished.

By arrangement Three or six semester hours
Prof. MCGUINN AND DEPARTMENT

ECONOMICS (Ec)

S Ec 31 PRINCIPLES OF ECONOMICS I

A study of the foundations of the science of economics.

Daily, 10:25-11:40 Three semester hours
Prof. JOYCE, S.J.

S Ec 32 PRINCIPLES OF ECONOMICS II
